TECHNICAL SKILLS

Programming languages

JavaScript, CSS, SCSS, HTML

Frameworks

React, Redux, Next.js, Bootstrap, Tailwind CSS

Tools: Git, Supabase

SOFT SKILLS

- Problem-solving
- Team Collaboration
- Time manage

CERTIFICATES

[JS Applications](#)

[JS Advanced](#)

[JS Fundamentals](#)

[JS Programming Basics](#)

LANGUAGE

- Bulgarian
- English Intermediate

EDUCATION

Udemy Next.js 2024

This course focused on the fundamental concepts of Next.js, exploring its core structure and features. It included an in-depth look at both the "App Router" and "Pages Router" with a focus on server-side rendering, client-side rendering, API routes, and dynamic routing

Udemy React 2024

Studied important aspects of React, including component lifecycle, state management with hooks(such as useState and useReducer), handling forms, and integrating REST APIs. Gained hands-on experience in building single-page applications (SPAs) and implementing routing for seamless navigation.

SoftUni JavaScript Advanced 2023 - 2023

We delve into the fundamental components of the browser, exploring the structure of the DOM tree, with a focus on adding, removing, and editing elements within it. Additionally, we take a closer look at what unit testing entails.

SoftUni JavaScript Fundamentals 2023 - 2023

JavaScript fundamentals encompass the core concepts vital for coding proficiency, including variables, data types, operators, control flow (loops and conditionals), and basic DOM manipulation.

SoftUni JavaScript Application 2023 - 2023

Studied HTTP, built SPAs, handled templates and routing, . utilized REST APIs, mastered asynchronous programming, and conducted application testing.
